1999 Blend: Gold medal & Dogwood Award for Best U.S. Fortified Wine, 2000 Atlanta Int'l Wine Summit

Comments by Jonathan Hunt.

Cream Sherry has been a favorite of our family for generations, a perfect drink for relaxation after a great meal. The foundation of our Cream Sherry is a blend of Riesling, Cayuga White and Cabernet Franc wines. We fortify the wine with pure grape distilled spirits to achieve the perfect balance between the flavors, sweetness and alcohol. We then heat and bubble oxygen through the blend for a month or more to produce the beautiful "darker" flavors of raisin, nut and caramel. Crucial to this step is our condenser coil that traps evaporating alcohol and returns it to the wine. Serve at cool room temperature or lightly chilled. Enjoy a glass by itself, with sharp cheeses and desserts, or as an ingredient in soups, stews and sauces. Cheers!
