**Bottled.** May 10-11 & September 2-3, 2010

**Production.** 2141 cases

(Estate-Grown & -Bottled)

**Appellation.** Finger Lakes

### **Comments.**

Our extremely popular *Hunter's Red* is a unique, non-traditional red wine. We blend two red grapes with one **white** grape and forgo oak aging to produce a smooth, easy red wine that is hearty but low in tannins. *Hunter's Red* often appeals strongly to people considering themselves "white wine drinkers".

The DeChaunac grape gives *Hunter's Red* a light flavor of raisins or plums. Great on its own at room temperature or lightly chilled, *Hunter's Red* is also delicious with barbecued meats and sweet/sour dishes. Enjoy!
